Cole Dental's **Healthy1 Club** is the smart, simple way to keep your smile in peak condition.

Our **Healthy1 Club** has been designed with you in mind:

- ✓ Regular preventative care covered.
- ✓ Discounts off treatments, whitening systems and mouthguards.

- ✓ Pricing tiers for Adults, Tweens and Kids.
- ✓ Compatible with health funds.

There are many reasons to make a date with the Cole team a regular in your calendar.

### No stress

We know that no-one wants to be hit with large bills—especially for unexpected dental treatments. That's why we came up with our **Healthy1 Club**. Our savvy Clubbers relax knowing that they'll never be exposed to 'bill shock'.

### Minimise pain

Walking up high staircases becomes much easier the more you do it—that's because regularity makes things simpler.

Just like routine exercise, did you know that regular dental maintenance can reduce overall discomfort? This is because the more often you go, the less build up there is on your teeth between visits, making them easier to clean and shine. In addition, your gums are stronger and less sensitive, making your visits a cleansing, feel-good experience.

At Cole we go the extra mile to make you as comfortable as possible so we've created the **Healthy1 Club** to get you coming back regularly for friendly (rather than uncomfortable) visits.

### Stay healthy

We all know that life is smoother when you're healthy and happy, yet modern life has become so busy that it's difficult to stay on top. It's known that high performers take the stress out of their day-to-day by creating habits to reduce the demand on their attention and willpower.

By becoming a **Healthy1 Club** member you'll know there's one less thing to worry about when your dental needs are in the bag—all you have to do is show up and enjoy the investment in your health.

### Enjoy benefits
